

Risk Assessment Form

Corporate Health, Safety and Welfare Management System

Description of the task/activity:	Covid-19 19/04/21 – Return to work of clinically extremely vulnerable staff and pupils This assessment is based on current DfE guidance DFE Guidance Re-Opening of Schools School based teaching / administration and sanitation tasks. Remote teaching / administration tasks for those temporarily working off site.	Location:	Goodmayes Primary School
Name of person(s) completing assessment:	Samina Jaffar	Job title(s):	Headteacher
Local reference no:	317-2023	Risk Register No:	14
Date of this assessment:	29/04/21	Date of signing:	29/04/21
Date of next Review:	Review required if there is a significant change or Government guidance changes or increase in year groups attending/numbers of pupils	Signed by (Headteacher):	Samina Jaffar 

What is the hazard?	Who/what could be harmed and how?	Initial Risk Rating H/M/L	What effective control measures are currently in place?	Residual Risk Rating H/M/L Controls in place? Yes/No	ACTION PLAN
Being infected by the Coronavirus	Staff in public-facing roles Pupils on site Risk from environmental exposure, exposure to persons, transmission from touching contaminated objects.	H	Identified classes/areas of school to be used for critical worker/vulnerable children to reduce movement. Class teachers to work from home to deliver remote learning; where there are issues with wi-fi/IT equipment for staff at home, staff are expected to come into school to use the facilities.	L Yes	WF (DHT) to prepare timetable. Share working from home guidelines with staff, HP (DHT) to devise rotas
			Staff who are clinically extremely vulnerable and clinically vulnerable, which includes those who are over 70 and those with certain underlying health conditions, should be		Refresher induction training for returning staff. HT to support with

Being infected by the Coronavirus	Staff in public-facing roles Pupils on site Risk from environmental exposure, exposure to persons, transmission from touching contaminated objects.	HANDS	careful to follow the rules and minimise contact with others. Support staff in reintegrating back to school, identifying key resources and concerns. Staff of child bearing age to follow stringently all protective measures. Pregnant staff over 28 weeks gestation should work from home as much as possible.	reasonable adjustments where necessary. Provision to work from home. HP/WF developed home based working guidance.	
			LFD home-test kits provided for all staff who work on-site, to be undertaken twice-weekly. In the event of a positive result, staff required to self-isolate and take PCR test.		Letter from HT to all staff regarding LFD home testing. HT to hold staff briefings re above. Covid-19 Testing of Staff Privacy Statement circulated to all staff. NS/HS to issue kits to staff working on site and record information on Test Kit Log. WF to maintain Test Results Register for staff. Display LFD home-test posters in prominent areas. WF to inform HP re any staffing implications/cover
			All high traffic areas to have contactless sanitizer dispensers.		AR (Caretaker) to order and fix dispensers in identified high traffic areas.
			Critical worker/vulnerable children to be grouped in year group Bubbles to keep group sizes small.		HP to devise rota for Bubbles and identify rooms.
			PPE is only needed in a small number of cases. Children, young people and students whose care routinely already involves the use of PPE due to their intimate care needs should continue to receive their care in the same way.		CB (SENDCo) to share guidelines with staff in the use of PPE in the Lighthouse
			If a child, young person or other learner becomes unwell with symptoms of coronavirus while in their setting and		PPA room identified as isolation room for staff / pupils with Covid-19

Risk Assessment Form

Corporate Health, Safety and Welfare Management System

<p>Being infected by the Coronavirus</p>	<p>Staff in public-facing roles Pupils on site</p> <p>Risk from environmental exposure, exposure to persons, transmission from touching contaminated objects.</p>		<p>needs direct personal care until they can return home. A face mask should be worn by the supervising adult if a distance of 2 metres cannot be maintained. Even if a distance can be maintained PPE should still be worn at the point of pupils displaying possible symptoms and by staff who will be managing this. If contact with the child or young person is necessary, then gloves, an apron and a face mask should be worn by the supervising adult. If a risk assessment determines that there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn.</p>		<p>symptoms, log to be kept of anyone who has visited. First aider to assess and adult supervision (wearing PPE) for pupils while waiting. Staff/pupils to exit from KS2 gate.</p> <p>AR (Caretaker) to ensure sufficient supply of disposable gloves and anti-bacterial wipes/cleaning materials for each classroom. Continue to review supplies in school and make sure there are enough in stock. Classrooms used to have a working sink for regular hand-washing. Non-contact temperature thermometers obtained for medical room and extra for possible use on entry to school, where staff or pupils present high temperature symptoms (with consent).</p>
	<p style="text-align: center;">FACE</p>		<p>Staff who are clinically extremely vulnerable follow use of PPE as identified on their individual risk assessment.</p> <p>Any member of staff or pupil who have suspected Covid-19 symptoms to arrange a test and if tested positive must not come into school for the isolation period. Letter will be sent to all parents and LA informed. If positive specific identified close contacts will be sent home.</p> <p>Parents/visitors to wear face covering when on the school site at pick up times (including drop off for Nursery).</p> <p>Staff to wear face masks (not visors) in corridors, classrooms and communal areas and when in the playground at start/end of day. There is no requirement for staff to wear face masks in their own classroom.</p>		<p>HT/SLT use online reporting form to inform LA of positive case.</p> <p>Headteacher to include this in letter to parents.</p> <p>Send message via SchoolPing re face masks requirement.</p>

Risk Assessment Form

Corporate Health, Safety and Welfare Management System

Being infected by the Coronavirus	Staff in public-facing roles Pupils on site <p style="text-align: right;">FACE</p>		<p>KS2 pupils may wear a face mask in school if this provides confidence as an extra protective measure.</p>		<p>HP – inform parents of the option for KS2 pupils to wear a face covering (from 08/03/21).</p>
	<p>Risk from environmental exposure, exposure to persons, transmission from touching contaminated objects.</p>		<p>Follow update from LA on Schools “Sickness Policies” to ensure that staff and pupils that are displaying symptoms of COVID-19 are excluded from the school site until confirmed to be COVID-19 free by testing.</p> <p>Where there is an incident of an outbreak of Covid-19 in school, LA and PHE will be informed and school to follow advice/instructions given. Template letters provided by LA will be sent out to parents/carers in line with guidance.</p> <p>All staff will be informed by email / SchoolPing / Zoom meeting, depending on the best / most immediate method and the contingency plans for remote or Blended learning will be put into action.</p>		<p>ES (Headteacher’s PA) to follow up with LA re updates on Sickness Policy.</p> <p>SJ - ensure all contact names and numbers held for contacts at LA and PHE re any outbreak.</p> <p>WF (DHT) to prepare recording system.</p> <p>Template letters modified with school logo etc.</p> <p>WF - to draft a communication to all staff to be sent if/when needed.</p> <p>All staff across each year group have in place resources for remote/blended learning.</p>
			<p>Parents informed that children will not be able to bring personal items to school e.g. toys, books games. Children allowed to bring in a bag for limited items allowed.</p>		<p>Parents informed via SchoolPing.</p>
			<p>Follow update from LA on Schools “Sickness Policies” to ensure that staff and pupils that have someone in their household displaying the symptoms of COVID-19 are excluded from the school site for 10 days.</p> <p>Ensure procedures for Track and Trace are stringently followed.</p> <p>Children who are clinically extremely vulnerable and clinically vulnerable or have underlying health conditions to attend school in line with current guidance.</p>		<p>WF (DHT) to manage and oversee Track and Trace.</p> <p>Mrs Sharma to set up folder system to reflect information as required by Track and Trace.</p> <p>CB (SENDSCO) to identify children who fall into the clinically extremely vulnerable category and clinically</p>

Risk Assessment Form

Corporate Health, Safety and Welfare Management System

Being infected by the Coronavirus	Staff in public-facing roles Pupils on site			vulnerable categories to ensure that appropriate measures are in place.
	Risk from environmental exposure, exposure to persons, transmission from touching contaminated objects. SPACE	Apply PHE social distancing and all other precautions (this includes inside vehicles when applicable) https://www.gov.uk/government/organisations/public-health-england Weekly staff training to be carried out via Zoom If any face to face conversation becomes threatening, dynamically assess the risk and, if necessary walk away and contact a member of SLT.		Provide staff with a clear protective screen in the main Reception area. Limit sharing of office spaces; staff to work in different rooms/ spaces where possible, to minimise contact. Purchase protective screen for AHT Office. Staff to use internal phones as much as possible for communication. Breaks to be staggered for Year 5 and 6; all other year groups in phases in separate areas of the playground.
	SPACE	Strict staggered entry and pick up introduced in each phase to minimise gatherings and numbers of parents on site. Where there are siblings in different phases, parents will drop off all siblings following drop off and pick up times for the youngest child.		Parents informed that drop off will be at the gate.
	HANDS	On entry staff to sanitize pupils' hands and temperature checks taken. Children then go straight to their class Bubble (continue with soft start as less congestion). Children seated at tables positioned forward facing away minimising contact from peers. Pupils to work from the same desk, whilst in the classroom. Each class (including critical worker and vulnerable children Bubbles) to have a seating plan considering carefully seating for children with needs, cold weather etc.		Only one parent allowed to drop off or collect at any given time using one-way system. NS to order non-contact thermometers. SLT – ask for seating plans to be saved on staff shared. MD/TH – ask for seating plan from teachers on rota for Bubbles.

Risk Assessment Form

Corporate Health, Safety and Welfare Management System

Being infected by the Coronavirus	Staff in public-facing roles Pupils on site Risk from environmental exposure, exposure to persons, HANDS transmission from touching contaminated objects.		Risk assessment to be carried out for PPA staff to mitigate/reduce the risk of transmission of the virus.		PPA staff and WF complete a risk assessment for PPA sessions.
			<p>Staff on entry to tap in on entry system, sanitize hands and keep safe distances apart and sign for staff reminding them about not entering if family members displaying Covid-19 symptoms.</p> <p>Staff must wash their hands regularly and keep safe distances apart up to at least 2 metres.</p> <p>All staff to use video conferencing/telephone as form of communication where possible</p>		WF - Inform staff via SchoolPing
			<p>If a member of staff or pupil becomes ill / shows COVID-19 symptoms they should go home and follow the stay at home guidance. PPE should be worn by staff caring for the child or adult while they await collection.</p> <p>Self- isolating staff to maintain regular communication on well-being and test results with a member of SLT.</p> <p>Following any incident of which a member of staff or pupil becomes unwell the work area / isolation room will be cleaned in accordance with the Government's advice COVID-19 decontaminations in a non-health care setting.</p> <p>All surfaces and objects bacterially cleaned after use in all rooms. Telephones and computer keyboards wiped (with bacterial cleaner minimum 60% alcohol level) daily if in use in accordance with cleaning schedule.</p>		<p>WF(DHT) to inform Caretaker of any incidents to ensure room/s is deep cleaned.</p> <p>Headteacher to send out letter to parents to inform the school if their child/family member has displayed COVID-19 symptoms not to send their child/ren in.</p> <p>WF(DHT)/Headteacher to follow up with pupils/staff who have been in school that display symptoms to ensure a test is taken and results shared with WF(DHT)/Headteacher. Specific identified close contacts to then self-isolate for 10 days. Letter as provided by LA to be sent out to parents where confirmed case of Covid-19.</p> <p>AR/PC – order only cleaning materials with minimum 60% alcohol level or an appropriate equivalent, in which case supplier to confirm in writing that this is the case.</p>

Risk Assessment Form

Corporate Health, Safety and Welfare Management System

Being infected by the Coronavirus	Staff in public-facing roles Pupils on site Risk from environmental exposure, exposure to persons, transmission from touching contaminated objects.		A first aider should always be on site including a paediatric first aider.		ES (Headteacher's PA) to check on expiry of First Aid certificates and availability of paediatric First Aider.
	SPACE		Rooms that are too small will not be used or limited to reduced number of children to maintain social distancing. The DfE guidance states primary aged children cannot be expected to social distance. Critical worker/vulnerable children Bubbles not to exceed 15 children per Bubble. Classes will have up to 30 with children on tables facing forward. Staff must follow social distancing guidelines and only cross a bubble if asked to cover. Volunteers/students on placement will remain in one bubble.		One-way system where possible for moving around the School for pupils and staff. In areas where this is not possible AR to put arrows along corridors and walls to show direction of travel. Staff/visitors to use sanitizer in Reception on entry to school. All visitors/parents to be given an appointment for visits. HP- to send message on rota timetables re use of staffroom at lunchtime
			Partial opening of windows /doors in classes (except for fire safety doors) to allow a flow of air in the room for ventilation. Good ventilation is a balance between ensuring workplaces are sufficiently warm.		Parents/carers asked to ensure children wear layers, including a warm fleece or jumper. Children with medical conditions to be seated away from open windows/draughts. Children seated next to open windows to be rotated on a regular basis. WF – inform staff to wear extra layers.
		H	Staff should always wear PPE (gloves, apron and face masks) and use wipes, etc. Staff who are clinically extremely vulnerable and clinically vulnerable, which includes people over the age of 70, pregnant women (under 28 weeks gestation) and those certain medical conditions listed in the social distancing guidance take particular care to minimise contact with others.	L Yes	<i>Needed for environmental exposure:</i> Ready supply of suitable wipes and safe disposal of used wipes, masks in identified bins, regular hand washing, i.e. before and after tasks.

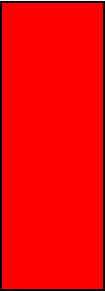

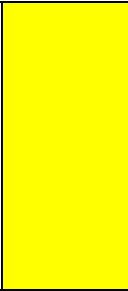

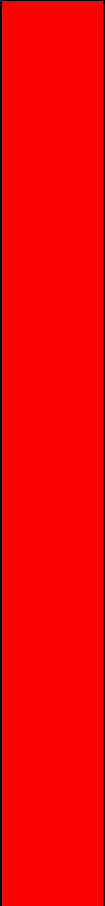

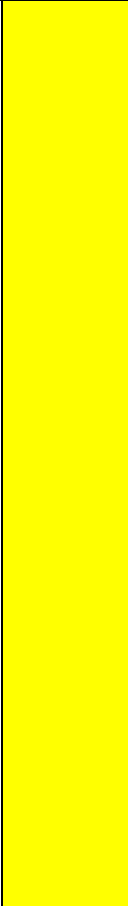

Risk Assessment Form

Corporate Health, Safety and Welfare Management System

Being infected by the Coronavirus	Staff with sanitation duties Cleaning staff and caretakers Risk from environmental exposure, exposure to persons, transmission from touching contaminated objects. Risk from spilled fluids.		<p>All areas to be cleaned regularly throughout the day (including additional cleaning schedule at lunchtime) and at the end of the working day as per normal procedures.</p> <p>If someone becomes unwell while undertaking these duties, with a new, continuous cough or a high temperature and/or change in their sense of smell/taste, inform a member of the SLT, they should go home and seek a test and follow the stay at home guidance.</p> <p>https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings</p>		<p>Display social distancing posters and give ongoing reminders to children, staff and visitors.</p> <p>Headteacher to employ additional supply cleaners to ensure we have enough availability for high levels of cleaning; cleaners given a checklist of areas to be cleaned.</p> <p>Headteacher to ensure Midday staff are clear about the actions they should take if a child presents with symptoms compatible with Coronavirus and correct use of PPE.</p> <p>A SLT member to be present on lunch duty to support midday staff.</p> <p>Display posters around school and on gates.</p>
	HANDS		<p>The minimum PPE should be worn when cleaning an area where a person with possible or confirmed coronavirus has been following the cleaning in non-health care settings guidance.</p> <p>Staff should wash their hands with warm soapy water for a minimum of 20 seconds on arrival at work, after each cleaning operation and disposal of materials and again prior to leaving work.</p>		
	FACE		<p>Staff should avoid touching their face, nose and eyes.</p>		
			<p>Where contractors and external specialists working with children may be visiting school premises, such operations will be assessed in advance by the Headteacher or a member of the Senior Management Team to determine whether such work is essential. In cases where work is essential a separate risk assessment will be conducted and communicated for each such operation. Specialist</p>		

Risk Assessment Form

Corporate Health, Safety and Welfare Management System

Being infected by the Coronavirus	Staff with sanitation duties Cleaning staff and caretakers Risk from FACE environmental exposure, exposure to persons, transmission from touching contaminated objects.		teachers will sign the declaration (on entry sign system) to confirm they are not experiencing COVID-19 symptoms.		
	Risk from spilled fluids.		All visitors, contractors and specialist teachers on entry sign and confirm they do not have any Covid-19 related symptoms; face masks to be worn when moving around the premises, outside of classrooms, in corridors and communal areas.		
			H&S Lead have checked that there are posters appropriately placed advising staff of Covid-19 safeguards.		
			Staff should clean regularly touched surfaces, such as door handles and railings, regularly with disinfectant wipes, or a disposable cloth and warm soapy water or normal disinfectant products (e.g. Dettol spray) as part of the cleaning schedule.		
			Apply up to 2 metre social distancing and all other PHE precautions (this includes inside vehicles) https://www.gov.uk/government/organisations/public-health-england		
			Staff should wear appropriate PPE and use wipes, etc.		
			Where staff are cleaning an area with potential contamination from an individual with suspected COVID-19, disposable gloves and disposable apron should be worn. Where there is visible contamination from body fluids, disposable masks should be worn. Despite this, disposable mask should be worn when cleaning a potentially contaminated area.		
			Staff are briefed, given information and trained where needed on use of the PPE. Records to be kept of this.		
			Ready supply of suitable wipes, safe method of disposing of used wipes, regular hand washing, i.e. before and after tasks.		AR (Caretaker) to purchase additional identifiable bin liners for disposal of used PPE and placed in separate bin in each room used.
